

CORPORATE SOCIAL RESPONSIBILITY POLICY

March 2016

Enquin Environmental Limited (Enquin) seeks to be a good corporate citizen in everything that it does.

We have therefore determined to bring together our existing operating principles into one framework policy under the heading of Corporate Social Responsibility (CSR). The principles encompassed in this policy cover all areas of the Companies operations and have been developed and continue to be reviewed against and updated by reference to relevant codes.

The Enquin Board of Directors supports the principles set out in those codes and standards and the aim of this policy is to translate that support into a set of guidelines and standards that set a common approach for Enquin and provide practical guidance for our managers and employees on the ground.

Compliance, monitoring and reporting

Compliance with this policy will be continuously monitored and is subject to review by the Management Team of Enquin, supported by the Quality Manager. Compliance will be reported to Directors at the Annual Business Review Meeting.

Employees who reasonably suspect that there has been a breach of this policy must report it to their line manager or Managing Director. We recognise that employees may be reluctant to report concerns for fear of retaliation and will take disciplinary action against any employee who threatens or engages in retaliation, retribution or harassment of any person who has reported or is considering reporting a concern in good faith.

The Board of Enquin will not criticise management for any loss of business resulting from adherence to the principles set out in this policy. All sections of this policy are underpinned by the Companies Code of Business Ethics, which is set out in Section 1. The other areas covered by this policy are Safety and Security (Section 2), Employment (Section 3), Customer and Community (Section 4) and Environment (Section 5).
